

ICT710 IT GOVERNANCE AND EMERGING TECHNOLOGIES T126

All information in the Subject Outline is correct at the time of approval. KOI reserves the right to make changes to the Subject Outline if they become necessary. Any changes require the approval of the KOI Academic Board and will be formally advised to those students who may be affected by email and via Moodle.

Information contained within this Subject Outline applies to students enrolled in the trimester as indicated

1. General Information

1.1 Administrative Details

Associated HE Award(s)	Duration	Level	Subject Coordinator
Master of Information Technology (MIT) Graduate Diploma of Information Technology (GDIT) Graduate Certificate of Information Technology (GCIT)	1 trimester	Postgraduate	Dr Shafiqur Rahman shafiqur.rahman@koi.edu.au P: +61 (2) 9283 3583 L: 7-11, 11 York Street. Consultation: via Moodle or by appointment.

1.2 Core/Elective

This subject is

- a core subject for the Master of Information Technology (MIT)
- a core subject for the Graduate Diploma of Information Technology (GDIT)
- a core subject for the Graduate Certificate of Information Technology (GCIT)

1.3 Subject Weighting

Indicated below is the weighting of this subject and the total course points

Subject Credit Points	Total Course Credit Points
4	MIT (64 Credit Points); GDIT (32 Credit Points); GCIT (16 Credit Points)

1.4 Student Workload

Indicated below is the expected student workload per week for this subject

No. Timetabled Hours/Week*	No. Personal Study Hours/Week**	Total Workload Hours/Week***
3 hours/week plus supplementary online material	7 hours/week	10 hours/week

* Total time spent per week at lectures and tutorials

** Total time students are expected to spend per week in studying, completing assignments, etc.

*** Combination of timetable hours and personal study

1.5 Mode of Delivery Classes will be face-to-face or hybrid. Certain classes will be online (e.g., special arrangements).

1.6 Pre-requisites Nil

1.7 General Study and Resource Requirements

- Students are expected to attend classes with the weekly worksheets and subject support material provided in Moodle. Students should read this material before coming to class to improve their ability to participate in the weekly activities.
- Students will require access to the internet and their KOI email and should have basic skills in word processing software such as MS Word, spreadsheet software such as MS Excel and visual presentation software such as MS PowerPoint.
- Computers and WIFI facilities are extensively available for student use throughout KOI. Students are encouraged to make use of the campus Library for reference materials.

Software resource requirements specific to this subject: Office 365, MS Imagine

1.8 Academic Advising

Academic advising is available to students throughout teaching periods including the exam weeks. As well as requesting help during scheduled class times, students have the following options:

- Consultation times: A list of consultation hours is provided on the homepage of Moodle where appointments can be booked.
- Subject coordinator: Subject coordinators are available for contact via email. The email address of the subject coordinator is provided at the top of this subject outline.
- Academic staff: Lecturers and Tutors provide their contact details in Moodle for the specific subject. In most cases, this will be via email. Some subjects may also provide a discussion forum where questions can be raised.
- Head of Program: The Head of Program is available to all students in the program if they need advice about their studies and KOI procedures.
- Vice President (Academic): The Vice President (Academic) will assist students to resolve complex issues (but may refer students to the relevant lecturers for detailed academic advice).

2. Academic Details

2.1 Overview of the Subject

This subject will build the knowledge and skills required to successfully contribute to the development, management and integration of strategic computer-based systems within an organisational setting. The subject provides a business, government and management perspective of IT, outlining the important IT governance frameworks used by businesses, governments, managers and IT professionals as well as leaders to achieve the best possible organisational outcomes from strategic investments in IT. It identifies the major current trends and IT applications being used by organisations and examines contemporary areas of concern such as security, privacy and ethics. The subject also considers key emerging IT technologies and examines how they may affect businesses, governments, IT professionals and leaders in the near future.

2.2 Graduate Attributes for Postgraduate Courses

Graduates of postgraduate courses from King's Own Institute will achieve the graduate attributes expected from successful completion of a postgraduate degree under the Australian Qualifications Framework (2nd edition, January 2013). Graduates at this level will be able to apply advanced body of knowledge from their major area of study in a range of contexts for professional practice or scholarship and as a pathway for further learning.

King's Own Institute's generic graduate attributes for a master's level degree are summarised below:

	KOI Postgraduate Degree Graduate Attributes	Detailed Description
	Knowledge	Current, comprehensive and coherent knowledge, including recent developments and applied research methods
	Critical Thinking	Critical thinking skills to identify and analyse current theories and developments and emerging trends in professional practice
	Communication	Communication and technical skills to analyse and theorise, contribute to professional practice or scholarship, and present ideas to a variety of audiences
	Research and Information Literacy	Cognitive and technical skills to access and evaluate information resources, justify research approaches and interpret theoretical propositions
	Creative Problem Solving Skills	Cognitive, technical and creative skills to investigate, analyse and synthesise complex information, concepts and theories, solve complex problems and apply established theories to situations in professional practice
	Ethical and Cultural Sensitivity	Appreciation and accountability for ethical principles, cultural sensitivity and social responsibility, both personally and professionally
	Leadership and Strategy	Initiative, leadership skills and ability to work professionally and collaboratively to achieve team objectives across a range of team roles Expertise in strategic thinking, developing and implementing business plans and decision making under uncertainty
	Professional Skills	High level personal autonomy, judgement, decision-making and accountability required to begin professional practice

Across the courses, these skills are developed progressively at three levels:

- **Level 1 Foundation** – Students learn the skills, theories and techniques of the subject and apply them in stand-alone contexts
- **Level 2 Intermediate** – Students further develop skills, theories and techniques of the subject and apply them in more complex contexts, beginning to integrate the application with other subjects
- **Level 3 Advanced** – Students have a demonstrated ability to plan, research and apply the skills, theories and techniques of the subject in complex situations, integrating the subject content with a range of other subject disciplines within the context of the course

Generally, skills gained from subjects in the Graduate Certificate and Graduate Diploma are at levels 1 and 2 while other subjects in the Master's degree are at level 3.

2.3 Subject Learning Outcomes

Listed below, are key knowledge and skills students are expected to attain by successfully completing this subject:

Subject Learning Outcomes	Contribution to Graduate Attributes
a) Identify the organisational and IT professional benefits gained through the use of a major IT governance framework in managing the IT resources of an organisation	   
b) Examine the significant risks currently facing the IT industry and critique the steps being taken by the industry, business and governments to mitigate them	   
c) Evaluate the advantages and disadvantages of major organisational IT technologies in current use	   
d) Assess and critically evaluate the impacts of emerging technologies such as Push and Pull innovation processes; Artificial Intelligence (AI); Immersive Technology (MR/AR/VR); Internet of Things (IoT); Blockchain	    

2.4 Subject Content and Structure

Below are details of the subject content and how it is structured, including specific topics covered in lectures and tutorials. Reading refers to the text unless otherwise indicated.

Weekly Planner:

Week (beginning)	Topic covered in each week's lecture	Reading(s)	Expected work as listed in Moodle
Week 1 02 March	Introduction to IT governance and emerging technologies	Ch. 1 and 2 (Vincent, 2023) Ch. 1 (Maleh, 2022)	Readings review questions /discussion Formative not graded
Week 2 09 March	Information Literacy Protection of Information Technology	Ch. 3 and 4 (Vincent, 2023) Ch. 2 (Maleh, 2022)	Readings review questions /discussion Tutorial 1 due
Week 3 16 March	IT Governance Framework COBIT 5 Emerging Technology – Robotics	Ch. 11 (Vincent, 2023) Ch. 3 (Maleh, 2022) Sections from Harmer	Readings review questions / discussion Tutorial 2 due
Week 4 23 March	IT Governance Framework – ITIL Emerging Technology: 3D Printing & Additive Manufacturing	Ch. 4 (Maleh, 2022) Sections from Agutter	Readings review questions / discussion Tutorial 3 due

Week 5 30 March	Protection of Information Resources. Personal, social and legal issues related to IT. Emerging Technology – 5G Wireless Technology	Ch. 2 and 6 (Maleh, 2022) Ch. 4 Smallwood (2019)	Readings review questions / discussion Tutorial 4 due Assessment 2: Quiz
Week 6 07 April (Tue)	Emerging Technology – Internet of Things (IoT)	Australia's IoT Opportunity: Driving Future Growth	Get assessment 3 topics approved. Readings review questions /discussion Tutorial 5 due
Week 7 13 April	Information Governance in Healthcare Telemedicine Technologies	Case Study: The BIG Problem in Healthcare (in Smallwood, 2018)	Readings review questions / discussion Tutorial 6 due Assessment 3: Group Report due
Week 8 20 April	Developing an Information Management Policy Emerging Technology - Transportation	NAA readings Ch. 8 (Maleh, 2022)	Readings review questions / discussion Tutorial 7 due
Week 9 28 April (Tue)	Blockchain Technology and its Applications	Ch. 7 and 8 (Vincent, 2023)	Readings review questions / discussion Tutorial 8 due
Week 10 04 May	E-government Speech Recognition Technologies	Reading provided on Moodle	Readings review questions /discussion Tutorial 9 due Assessment 4: Individual Report Due
Week 11 11 May	Future of Work Strategies for Future Workforce	Digital Pulse (Australia) 2019	Readings review questions /discussion Tutorial 10 due Assessment 4: Presentations/demos

Week 12 18 May	Review session	All course material	Revise all tutorial exercises Assessment 4: Presentations/demos
Week 13 25 May	Study review week and Final Exam Week		
Week 14 01 June	Examinations Continuing students - enrolments for T226 open		Examinations Continuing students - enrolments for T226 open
Week 15 09 June (Tue)	Student Vacation begins New students - enrolments for T226 open		
Week 16 15 June	• Results Released • Review of Grade Day for T126 – see Sections 2.6 and 3.2 below for relevant information. • Certification of Grades NOTE: More information about the dates will be provided at a later date through Moodle/KOI email.		
T226 29 June 2026			
Week 1 29 June	Week 1 of classes for T226		

2.5 Public Holiday Amendments

Please note: KOI is closed on all scheduled NSW Public Holidays.

T126 has Five (5) public holidays that occur during this trimester. Classes scheduled for these public holidays (Calendar Class Date) will be rescheduled as per the table below.

This applies to ALL subjects taught in T126.

Please see the table below and adjust your class timing as required. Please make sure you have arrangements in place to attend the rescheduled classes if applicable to your T126 enrolment.

Classes will be conducted at the same time and in the same location as your normally scheduled class except these classes will be held on the date shown below.

Calendar Class Date	Rescheduled Class Date
03 April 2026 (Friday) 04 April 2026 (Saturday) 06 April 2026 (Monday) 25 April 2026 (Saturday) 27 April 2026 (Monday)	25 May 2026 (Monday) 26 May 2026 (Tuesday) 27 May 2026 (Wednesday)

2.6 Review of Grade, Deferred Exams & Supplementary Exams/Assessments

Review of Grade:

There may be instances when you believe that your final grade in a subject does not accurately reflect your performance against the marking criteria. Section 8 of the *Assessment and*

Assessment Appeals Policy (www.koi.edu.au) describes the grounds on which you may apply for a Review of Grade.

If you have a concern about your marks and you are unable to resolve it with the Academic staff concerned, then you can apply for a formal Review of Grade as explained in section 3.2(e) Appeals Process below. Please note the time limits for requesting a review. Please ensure you read the Review of Grade information before applying.

Review of Grade Day:

Final exam scripts will not normally be returned to students. Students can obtain feedback on their exam performance and their results for the whole subject at the Review of Grade Day. KOI will hold the Review of Grade Day for all subjects studied in T126. **The ROG day will be announced at a later date and the students will be notified through Moodle/KOI email.**

Only final exams and whole subject results will be discussed as all other assessments should have been reviewed during the trimester. Further information about Review of Grade Day will be available through Moodle.

If you fail one or more subjects and you wish to consider applying for a Review of Grade you are **STRONGLY ADVISED to** attend the Review of Grade Day. You will have the chance to discuss your final exam and subject result with your lecturer, and will be advised if you have valid reasons for applying for a Review of Grade (see Section 3.2 below and the *Assessment and Assessment Appeals Policy*).

A formal request for a review of grade may not be considered unless you first contact the subject coordinator to discuss the result.

Deferred Exams:

If you wish to apply for a deferred exam because you are unable to attend the scheduled exam, you should submit the Assignment Extension / Exam Deferment Form available by contacting academic@koi.edu.au as soon as possible, *but no later than three (3) working days of the assessment due date.*

If you miss your mid-trimester or final exam there is no guarantee you will be offered a deferred exam.

You must apply within the stated timeframe and satisfy the conditions for approval to be offered a deferred exam (see Section 8.1 of the *Assessment and Assessment Appeals Policy and the Application for Assignment Extension or Deferred Exam Forms*). In assessing your request for a deferred exam, KOI will take into account the information you provide, the severity of the event or circumstance, your performance on other items of assessment in the subject, class attendance and your history of previous applications for special consideration.

Deferred mid-trimester exams will be held before the end of week 9. Deferred final exams will be held on two days during week 1 or 2 in the next trimester. You will not normally be granted a deferred exam on the grounds that you mistook the time, date or place of an examination, or that you have made arrangements to be elsewhere at that time; for example, have booked plane tickets.

If you are offered a deferred exam, but do not attend *you will be awarded 0 marks for the exam*. This may mean it becomes difficult for you to pass the subject. If you apply for a deferred exam within the required time frame and satisfy the conditions you will be advised by email (to your KOI student email address) of the time and date for the deferred exam. Please ensure that you are available to take the exam at this time.

Marks awarded for the deferred exam will be the marks awarded for that item of assessment towards your final mark in the subject.

Supplementary Assessments (Exams and Assessments):

A supplementary assessment may be offered to students to provide a final opportunity to demonstrate successful achievement of the learning outcomes of a subject. *Supplementary assessments are only offered*

at the discretion of the Board of Examiners. In considering whether or not to offer a supplementary assessment, KOI will take into account your performance on all the major assessment items in the subject, your attendance, participation and your history of any previous special considerations.

If you are offered a supplementary assessment, you will be advised by email to your *KOI student email address* of the time and due date for the supplementary assessment – supplementary exams will normally be held at the same time as deferred final exams during week 1 or week 2 of the next trimester.

You must pass the supplementary assessment to pass the subject. The maximum grade you can achieve in a subject based on a supplementary assessment is a PASS grade.

If you:

- are offered a supplementary assessment, but fail it;
 - are offered a supplementary exam, but do not attend; or
 - are offered a supplementary assessment but do not submit by the due date;
- you will receive a FAIL grade for the subject.

Students are also eligible for a supplementary assessment for their final subject in a course where they fail the subject but have successfully completed all other subjects in the course. You must have completed all major assessment tasks for the subject and obtained a passing mark on at least one of the major assessment tasks to be eligible for a supplementary assessment.

If you believe you meet the criteria for a supplementary assessment for the final subject in your course, but have not received an offer, complete the *Complaint, Grievance, Appeal Form* and send your form to reception@koi.edu.au. The deadline for applying for supplementary assessment is the Friday of the first week of classes in the next trimester.

2.7 Teaching Methods/Strategies

Briefly described below are the teaching methods/strategies used in this subject:

- *Lectures* (1 hours/week) are conducted in seminar style and address the subject content, provide motivation and context and draw on the students' experience and preparatory reading.
- *Tutorials* (2 hours/week) include class discussion of case studies and research papers, practice sets and problem-solving and syndicate work on group projects. Tutorials often include group exercises and so contribute to the development of teamwork skills and cultural understanding. Tutorial participation is an essential component of the subject and contributes to the development of many of the graduate attributes (see section 2.2 above). Tutorial participation contributes towards the assessment in many subjects (see details in Section 3.1 for this subject). Supplementary tutorial material such as case studies, recommended readings, review questions etc. will be made available each week in Moodle.
- *Online* teaching resources include class materials, readings, model answers to assignments and exercises and discussion boards. All online materials for this subject as provided by KOI will be found in the Moodle page for this subject. Students should access Moodle regularly as material may be updated at any time during the trimester
- *Other contact* - academic staff may also contact students either via Moodle messaging, or via email to the email address provided to KOI on enrolment.

2.8 Student Assessment

Assessment is designed to encourage effective student learning and enable students to develop and demonstrate the skills and knowledge identified in the subject learning outcomes. Assessment tasks during the first half of the study period are usually intended to maximise the developmental function of assessment (formative assessment). These assessment tasks include weekly tutorial exercises (as indicated in the weekly planner) and low stakes graded assessments (as shown in the graded assessment table). The major assessment tasks where students demonstrate their knowledge and skills (summative assessment) generally occur later in the study period. These are the major graded assessment items shown in the graded assessment table.

Final grades are awarded by the Board of Examiners in accordance with KOI's Assessment and Assessment Appeals Policy. The definitions and guidelines for the awarding of final grades are:

- o HD High distinction (85-100%): an outstanding level of achievement in relation to the assessment process.
- o D Distinction (75-84%): a high level of achievement in relation to the assessment process.
- o C Credit (65-74%): a better than satisfactory level of achievement in relation to the assessment process.
- o P Pass (50-64%): a satisfactory level of achievement in relation to the assessment process.
- o F Fail (0-49%): an unsatisfactory level of achievement in relation to the assessment process.
- o FW: This grade will be assigned when a student did not submit any of the compulsory assessment items.

Provided below is a schedule of formal assessment tasks and major examinations for the subject

Assessment Type	When assessed	Weighting	Learning Outcomes Assessed
Assessment 1: Tutorial activities - individual assessment	Weeks 2-11	20%	a, b, c, d
Assessment 2: Quiz	Week 5	10%	a, b
Assessment 3: Group report 2100 words (1500 words group report + 600 words Individual Reflection)	Weeks 7	Group Report: 25% Individual Reflection 10% Total 35%	b, c, d
Assessment 4: Individual Report (2000 words).	Report submission: Week 10 Presentation: Weeks 11-12	Report: 25% Presentation 10% Total 35%	c, d

Requirements to Pass the Subject:

To gain a pass or better in this subject, students must gain a *minimum of 50%* of the total available subject marks.

Changes Made to the Subject Based on Feedback from Students and Teachers:

Increased follow up with students about their assignments.

2.9 Prescribed and Recommended Readings

Provided below, in formal reference format, is a list of the prescribed and recommended readings.

Javed, A.R., Shahzad, F., ur Rehman, S., Zikria, Y.B., Razzak, I., Jalil, Z. and Xu, G., 2022. Future smart cities: Requirements, emerging technologies, applications, challenges, and future aspects. Cities, 129, p.103794. DOI: <https://doi.org/10.1016/j.cities.2022.103794>.

Students are encouraged to read peer reviewed journal articles and conference papers. Google Scholar provides a simple way to broadly search for scholarly literature. From one place, you can search across many disciplines and sources: articles, theses, books, abstracts and court opinions, from academic publishers, professional societies, online repositories, universities and other web sites.

3. Assessment Details

3.1 Details of Each Assessment Item

The assessments for this subject are described below. The description includes the type of assessment, its purpose, weighting, due date and submission requirements, the topic of the assessment, details of the task and detailed marking criteria, including a marking rubric for essays, reports and presentations. Supplementary assessment information and assistance can be found in Moodle.

KOI expects students to submit their own work in both assignments and exams, or the work of their group in the case of group assignments. Material in assignments which comes from the work of others must be appropriately acknowledged.

Assessment 1

Assessment type: Tutorial activities - Individual assessment

Purpose: Complete weekly tutorial activities. This assessment contributes to learning outcomes a, b, c and d

Value: 20% Due Date: Weeks 2 - 11

Assessment topic: Tutorial activities

Task details: Provide the responses to the weekly tutorial activities.

Submission: Submit the completed tutorial on Moodle by the end of the tutorial in the following week

Marking Rubric for Assessment 1: Tutorial 20%

Criteria	Fail (0 – 49%)	Pass (50 – 64%)	Credit (65 – 74%)	Distinction (75 – 84%)	High Distinction (85 – 100%)
Tutorial Exercises 10 marks	Less than 50% of the tutorial exercises completed or there are many major errors or omission	Most tutorial exercises completed, but with some major errors or omissions	Most tutorial exercises completed, but with some minor errors and omissions	Nearly all tutorial exercises completed, but with some minor errors and omissions	All tutorial exercises complete and accurate or with few very minor errors
Understanding of Concepts (10 marks)	Demonstrates minimal understanding of fundamental concepts.	Shows a basic understanding with frequent errors.	Displays an adequate understanding with some errors.	Exhibits a thorough understanding with minimal errors.	Presents a comprehensive understanding with no errors.
Total Mark: / (20 marks)	COMMENTS:				

Assessment 2

Assessment type: Multiple Choice Quiz

Purpose: This assessment will allow students to demonstrate their understanding of the concepts covered in weeks 1 to 4. This assessment contributes to learning outcomes a and b.

Value: 10%

Due date: Week 5

Task details: The quiz will consist of questions and problems relating to subject content from weeks 1 – 4 inclusive

Submission: Attempt quiz on Moodle (In-Class QUIZ)

Marking Rubric for Assessment 2: Quiz 10%

Criteria	Unsatisfactory	Satisfactory	Effective	Excellent	Exceptional
Quiz score out of 10	Fail (0 – 49%)	Pass (50 – 64%)	Credit (65 – 74%)	Distinction (75 – 84%)	High Distinction (85 – 100%)

Assessment 3

Assessment type: Group Report **2100** (1500 words Report + 600 words individual reflection)

Assessment purpose: Assess and critically evaluate the advantages, disadvantages and impact of the proposed emerging technology (assessment topic).

This assessment contributes to learning outcomes b, c and d.

Value: Report value: 25%; Reflection value: 10%

Due date: Week 7

Assessment topic: **IT Security (choose one of the titles given in Part A)**

Task details:

Part A: Report - 1500 words

The report on **IT Security** [Safeguarding computer systems, software, networks, and data from unauthorised access, misuse, or damage]. must be written in business report format and should include at least the following sections:

1. Cover page.
2. Executive Summary
3. Table of Contents
4. Introduction: Briefly introduce the concept of **IT Security**
5. Main Body
 - a. The history and development of **IT Security**
 - b. The importance of **IT Security**. The size and growth of the current **IT Security Industry/Market**.
 - c. IT Security Challenges/ Cyber threats
 - d. **Future cybersecurity risks** .
 - e. Discuss the government role in regulating laws and policies to mitigate **IT risk/Cyber Threats**.
 - f. Examples of assignments on **IT Security** (choose any one of the following or a similar title for your assignment):

1. Introduction to Cybersecurity and IT Security Challenges
2. Cybersecurity Threats in the Digital Age
3. Managing IT Security Risks in Modern Organisations
4. Common Cyber Threats and Their Impact on Businesses
5. The Role of Cybersecurity in Protecting Information Systems
6. Emerging Cybersecurity Threats and Future Risks
7. Cyber Risks and Data Protection in the Cloud Environment
8. IT Security Challenges in Small and Medium Enterprises
9. Cybersecurity Risks in E-Commerce and Online Banking
10. Human Factors and Cybersecurity Risks
11. Cyber Threats Facing Government and Public Sector Systems
12. IT Security Risk Management Strategies
13. Cybersecurity Issues in Healthcare Information Systems
14. Social Engineering and Cybersecurity Threats
15. Cyber Risks Associated with Mobile and Wireless Technologies
16. Ransomware and Its Impact on Organisational Security
17. Cybersecurity Governance and Risk Management

18. Protecting Organisational Data from Cyber Threats

19. The Future of Cybersecurity: Risks and Opportunities

20. Ethical and Legal Issues in Cybersecurity

6. Conclusion and recommendations
7. Referencing (minimum 8 references). All sources used in this assignment must be properly cited using [referencing style, e.g., Harvard]. Failure to do so will be treated as plagiarism. For guidance, refer to [KOI referencing slides](#) or consult your lecturer. In-text citations are essential.

Part B: Individual Reflection

Prepare a **600**-words (10%+) individual reflection. Describe your role and specific contributions to the group project, the skills and knowledge you gained, challenges you faced and how you overcame them, and the dynamics within your group. Share any personal insights or realizations and reflect on how the project has impacted your personal or professional development. Ensure your reflection is clear and coherent.

Submission requirements details:

Make sure your assessment is written according to the guidelines mentioned in assessment 3 task details. Submit the group report and individual reflection on Moodle. The group leader must submit the group report (part A) and his/her reflection (part B) using the same document. Other members of the group will submit their individual reflections only on their respective submission portal.

Note: Submission of a wrong file or zip file will be marked zero.

Marking Rubric for Assessment 3 – Group Report – 25%

Criteria	Fail (0 – 49%)	Pass (50 – 64%)	Credit (65 – 74%)	Distinction (75 – 84%)	High Distinction (85 – 100%)
Format and structure 4 marks	Very difficult to read, unclear structure, and most of the required sections are missing	Some difficulty in reading, not very clear, but important sections are included	Clear and readable, and all required sections are included	Well written and very clear, and all required sections with completed discussion are included	Well written and very clear, all required sections with completed discussion are included, and additional sections have been added for clarity
Introduction 3 marks	No introduction given or most of the introduction is irrelevant	Introduction is provided with some details and limited cohesion	Introduction is provided with most of the required details in cohesive manner	Introduction is provided with all of the required details in comprehensive and cohesive manner	Introduction is provided with all details presented systematically in a comprehensive and cohesive manner
Discussion 10 marks	No evidence/ support for the argument in the main body	Provides some evidence/support for the argument in the main body	Provides sound level of evidence/ support for the logical argument	Provides very convincing level of evidence/support for the strong logical argument	Provides exceptional level of support for the compelling argument
Conclusion 4 marks	No conclusion presented or not based on argument, recommendation unconvincing	Conclusion based on argument but lacks supporting evidence recommendation lacks some detail	Conclusion based on sound argument and evidence, recommendation convincing	Conclusion based on an extensive argument and evidence, recommendation strongly convincing	Conclusion based on an extensive and compelling argument, recommendation persuasive and convincing
References and citations 4 marks	No references at all or poor referencing	Three to four references with in-text citations	Five to seven references with in-text citation	Eight to eleven references with in-text citations.	Twelve or more references with in-text citations.
Total mark out of 25	COMMENTS:				

Marking Rubric for Assessment 3 – Individual Reflection – 10%

Criteria	Fail (0 – 49%)	Pass (50 – 64%)	Credit (65 – 74%)	Distinction (75 – 84%)	High Distinction (85 – 100%)
Role and Level of Contribution 3 marks	Minimal contribution; lacks evidence or specific examples.	Basic contribution; limited evidence and few specific examples.	Moderate contribution; some evidence with specific examples.	Significant contribution; detailed evidence with several specific examples.	Exceptional contribution; comprehensive evidence with numerous specific and impactful examples.
Skills and Knowledge Gained 2 marks	Minimal or no discussion of skills and knowledge gained; lacks relevance.	Basic discussion of skills and knowledge gained; some relevance.	Clear discussion of skills and knowledge gained; mostly relevant.	Detailed discussion of skills and knowledge gained; highly relevant.	Comprehensive and insightful discussion of skills and knowledge gained; directly relevant and significant.
Challenges and Solutions 2 marks	Little to no mention of challenges faced; no solutions provided.	Basic mention of challenges faced; few solutions provided.	Clear mention of challenges faced; some solutions provided.	Detailed mention of challenges faced; effective solutions provided.	Comprehensive and insightful mention of challenges faced; innovative and effective solutions provided.
Personal Insights 2 mark	Minimal or no personal insights; lacks depth or relevance.	Basic personal insights; some relevance.	Clear personal insights with some depth and relevance.	Detailed personal insights with depth and high relevance.	Comprehensive and profound personal insights with significant relevance.
Clarity and Coherence 1 marks	Poorly organized and unclear; difficult to follow.	Basic organization and clarity; some coherence.	Clearly organized and mostly clear; generally coherent.	Well-organized, clear, and coherent.	Exceptionally well-organized, clear, and highly coherent.

Assessment 4

Assessment type: **Individual Report (2000 words)**

Assessment purpose: Assess and critically evaluate the advantages, disadvantages and impact of the proposed emerging technology (assessment topic)

Value: Report 25%; Presentation 10%

Due date: Week 10 (Report) – Week 11-12 (Presentation).

Assessment topic: **Emerging Technologies in Healthcare**

Task details:

Part A: Report

The report on Emerging Technologies in Healthcare must be written in business report format and should include at least the following sections:

1. Cover page.
2. Executive Summary
3. Table of Contents
4. Introduction: Briefly introduce the concept of Emerging Technologies in Healthcare
5. Main Body
 - a. Introduction to Emerging Technologies in Healthcare
 - b. Types of Emerging Technologies in Healthcare
 - c. Key Concepts in Emerging Technologies in Healthcare
 - d. Applications of Emerging Technologies in Healthcare
 - e. Challenges of Healthcare Technologies.
 - f. Conclusion and recommendations.
6. Referencing (minimum 8 references): All sources used in this assignment must be properly cited using [referencing style, e.g., Harvard]. Failure to do so will be treated as plagiarism. For guidance, refer to [KOI referencing slides](#) or consult your lecturer. In-text citations are essential.
7. Choose one of the topics given below or a similar one for your assignment (you can choose same or a similar topic):

1. **Emerging Technologies in Healthcare: Opportunities and Challenges**
2. **The Role of Emerging Technologies in Transforming Healthcare Delivery**
3. **Challenges of Adopting Emerging Technologies in Healthcare Systems**
4. **Risks and Ethical Issues of Emerging Healthcare Technologies**
5. **Artificial Intelligence in Healthcare: Benefits, Risks, and Challenges**
6. **Digital Health Technologies and Patient Data Security Risks**
7. **Blockchain in Healthcare: Potential and Implementation Challenges**
8. **Telemedicine and Digital Health: Risks and Regulatory Challenges**
9. **Internet of Medical Things (IoMT): Opportunities and Security Risks**
10. **Big Data Analytics in Healthcare: Challenges and Risk Management**
11. **Emerging Healthcare Technologies in Developing Countries: Barriers and Risks**
12. **Cybersecurity Risks of Emerging Healthcare Technologies**
13. **Ethical Challenges of AI and Automation in Healthcare**
14. **Technology Adoption Challenges in Smart Healthcare Systems**
15. **Risks of Cloud Computing in Healthcare Information Systems**

16. **Digital Transformation in Healthcare: Technological and Organisational Risks**
17. **Emerging Technologies and Patient Safety Concerns**
18. **Legal and Regulatory Challenges of Healthcare Technologies**
19. **Innovation vs Risk: Managing Emerging Technologies in Healthcare**
20. **Future Trends in Healthcare Technology and Associated Risks**

Part B: Presentation:

Present your findings /summary of your report using a PowerPoint presentation.

This assessment contributes to learning outcomes c and d.

Submission requirements details:

Make sure your assessment is written according to the guidelines mentioned in assessment 4 task details. You may submit the PPT the day before your presentation.

Note: Submission of a wrong file of zip file will be marked zero

Marking Rubric for Assessment 4 – Report – 25%

Criteria	Fail (0 – 49%)	Pass (50 – 64%)	Credit (65 – 74%)	Distinction (75 – 84%)	High Distinction (85 – 100%)
Format and structure 4 marks	Very difficult to read, unclear structure, and most of the required sections are missing	Some difficulty in reading, not very clear, but important sections are included	Clear and readable, and all required sections are included	Well written and very clear, and all required sections with completed discussion are included	Well written and very clear, all required sections with completed discussion are included, and additional sections have been added for clarity
Introduction 3 marks	No introduction given or most of the introduction is irrelevant	Introduction is provided with some details and limited cohesion	Introduction is provided with most of the required details in cohesive manner	Introduction is provided with all of the required details in comprehensive and cohesive manner	Introduction is provided with all details presented systematically in a comprehensive and cohesive manner
Discussion 10 marks	No evidence/support for the argument in the main body	Provides some evidence/support for the argument in the main body	Provides sound level of evidence/support for the logical argument	Provides very convincing level of evidence/support for the strong logical argument	Provides exceptional level of support for the compelling argument
Conclusion 4 marks	No conclusion presented or not based on argument, recommendation on unconvincing	Conclusion based on argument but lacks supporting evidence recommendation lacks some detail	Conclusion based on sound argument and evidence, recommendation on convincing	Conclusion based on an extensive argument and evidence, recommendation strongly convincing	Conclusion based on an extensive and compelling argument, recommendation persuasive and convincing
References and citations 4 marks	No references at all or poor referencing	Three to four references with in-text citations	Five to seven references with in-text citation	Eight to eleven references with in-text citations.	Twelve or more references with in-text citations.

Marking Rubric for Assessment 4 – Presentation/Demonstration – 10%

Criteria	Fail (0 – 49%)	Pass (50 – 64%)	Credit (65 – 74%)	Distinction (75 – 84%)	High Distinction (85 – 100%)
Information quality 1 mark	Presentation lacks main points and related details. Information lacks connection to the presentation topic. Information is not organised.	Main points are not clear and lack significant detail. Some information is linked to the presentation topic. Information is loosely organised.	Main points are somewhat clear but could use more detail. Most information is linked to the presentation topic. Information is organised.	Main points are clear and detailed. Information is linked to the presentation topic. Information is well organised.	Main points are very clear and very detailed. Information is directly linked to the presentation topic. Information is very organised.
Nonverbal communication 2 marks	Speaker appears very uneasy and insecure. Speaker faces away from the audience or makes no eye contact. Speaker appears disengaged from the audience. Speaker lacks any body motions or gestures or demonstrates consistently distraction body motions or gestures.	Speaker appears uneasy and somewhat insecure. Speaker rarely faces the audience or makes eye contact. Speaker rarely appears to be engaging with the audience. Speaker uses few body motions or gestures or has movements that distract the audience.	Speaker appears generally at ease and confident. Speaker sometimes faces the audience and maintains eye contact. Speaker sometimes appears to be engaging with the audience. Speaker's body motions and gestures neither support nor detract from presentation.	Speaker appears fairly comfortable and confident. Speaker generally faces the audience and maintains good eye contact. Speaker generally appears to be engaging with the audience. Speaker uses body motions and gestures well.	Speaker appears very comfortable and confident. Speaker consistently faces the audience and maintains good eye contact. Speaker consistently appears to be engaging with the audience. Speaker uses body motions and gestures very effectively.
Verbal communication 2 marks	Speaker's voice is consistently too weak or too strong. Speaker fails to use inflections to emphasize key points and create interest or the speaker often uses inflections inappropriately. Speaker's talking pace is consistently too slow or too fast.	Speaker's voice is frequently too weak or too strong. Speaker rarely uses inflections to emphasize key points and create interest or the speaker sometimes uses inflections inappropriately. Speaker's talking pace is often too slow or too fast.	Speaker's voice is generally steady, strong and clear. Speaker sometimes uses inflections to emphasize key points and create interest. Speaker's talking pace is appropriate.	Speaker's voice is steady, strong and clear. Speaker often uses inflections to emphasize key points and create interest. Speaker's talking pace is mostly appropriate.	Speaker's voice is very confident, steady, strong, and clear. Speaker consistently uses inflections to emphasize key points or to create interest. Speaker's talking pace is consistently appropriate.
Visual tools 2 marks	Visual aids demonstrate no creativity or clarity and are often difficult to read. Presentation is weakened by the	Visual aids have limited creativity or clarity or are sometimes difficult to read. Presentation is not enhanced by visual tools.	Visual aids are reasonably creative, clear, and easy to read. Presentation is sometimes enhanced by	Visual aids are usually creative, clear, and easy to read. Presentation is often enhanced by visual	Visual aids are very creative, clear, and easy to read. Presentation is consistently enhanced by the visual tools.

	visual tools.		visual tools.	tools.	
Detail and preparation 1 mark	Slides have numerous errors and lack detail. Little care was taken in the production.	Slides may have some errors and show some detail. Some care has been taken in production.	Evident that slides are correct and show a general attention to detail and accuracy. General care has been taken in production.	Clearly evident that slides are correct, detailed and accurate. Care has been taken in the production.	Slides are clear, well-constructed, accurate and show attention to detail. Extra care has been taken in the production.
Overall effectiveness 2 marks	This presentation was weak and not effective.	This presentation was average and somewhat effective.	This presentation was good and effective.	This was a very good presentation and very effective.	This was an exceptional, professional presentation and extremely effective.

3.2 General information about assessment

a) Late Penalties and Extensions

An important part of business life and key to achieving KOI's graduate outcome of Professional Skills is the ability to manage workloads and meet deadlines. Completing assessment tasks on time is a good way to master these habits.

Students who miss mid-trimester tests and final exams without a valid and accepted reason may not be granted a deferred exam and will be awarded 0 marks for the assessment item. Assessment items which are missed or submitted after the due date/time will attract a penalty unless there is a compelling reason (see below). These penalties are designed to encourage students to develop good time management practices, and to create equity for all students.

Any penalties applied will only be up to the maximum marks available for the specific piece of assessment attracting the penalty.

Late penalties, granting of extensions and deferred exams are based on the following:

In Class Tests and Quizzes (excluding Mid-Trimester Tests)

- Generally, extensions are not permitted. A make-up test may only be permitted under very special circumstances where acceptable supporting evidence of illness, hardship or unavoidable problems preventing completion of the assessment is provided (see section (b) below). The procedures and timing to apply for a make-up test (only if available) are as shown in the section *Applying for an Extension* (see below).
- Missing a class test will result in 0 marks for that assessment item unless the above applies.

Written Assessments and Video Assessments

- There is a late penalty of **5% of the total available marks** per calendar day unless an extension is approved (see *Applying for an Extension* section below).

Presentations

- Generally, extensions are not permitted. Missing a presentation will result in 0 marks for that assessment item. The rules for make-up presentations are the same as for missing in-class tests (described above). For group presentations, if serious circumstances prevent some members of the group from participating, the members of the group who are present should make their contributions as agreed. If a make-up presentation is approved, the other members of the group will be able to make their individual presentation later and will be marked according to the marking rubric. A video presentation may be used to facilitate the process.

Mid-Trimester Tests and Final Exams

If students are unable to attend mid-trimester tests or final exams due to illness, hardship or some other unavoidable problem (acceptable to KOI), they must:

- Complete the Assignment Extension / Exam Deferment Form available by contacting academic@koi.edu.au as soon as possible, *but no later than three (3) working days after the exam date*.
- Provide acceptable documentary evidence (see section (b) below).
- Agree to attend the deferred exam as set by KOI if a deferred exam is approved.

Deferred exam

- There will only be one deferred exam offered.
- Marks obtained for the deferred exam will be the marks awarded for that assessment item.
- If you miss the deferred exam you will be awarded 0 marks for the assessment item. This may mean you are unable to pass the subject.

b) Applying for an Extension

If students are unable to submit or attend an assessment when due, they must

- Complete the Assignment Extension / Exam Deferment Form available by contacting academic@koi.edu.au as soon as possible, *but no later than three (3) working days of the assessment due date*.
- Provide acceptable documentary evidence in the form of a medical certificate, police report or some other appropriate evidence of illness or hardship, or a technician's report on problems with computer or communications technology, or a signed and witnessed statutory declaration explaining the circumstances.
- Students and lecturers / tutors will be advised of the outcome of the extension request as soon as practicable.

Please remember there is no guarantee of an extension being granted, and poor organisation is not a satisfactory reason to be granted an extension.

c) Referencing and Plagiarism

Please remember that all sources used in assessment tasks must be suitably referenced. Failure to acknowledge sources is plagiarism, and as such is a very serious academic issue. Students plagiarising run the risk of severe penalties ranging from a reduction in marks through to 0 marks for a first offence for a single assessment task, to exclusion from KOI in the most serious repeat cases. Exclusion has serious visa implications. The easiest way to avoid plagiarising is to reference all sources.

Harvard referencing is the required method – in-text referencing using Author's Surname (family name) and year of publication. A Referencing Guide, "Harvard Referencing", and a Referencing Tutorial can be found on the right-hand menu strip in Moodle on all subject pages.

An effective way to reference correctly is to use *Microsoft Word's* referencing function (please note that other versions and programs are likely to be different). To use the referencing function, click on the References Tab in the menu ribbon – students should choose *Harvard*.

Authorship is also an issue under plagiarism – KOI expects students to submit their own original work in both assessment and exams, or the original work of their group in the case of a group project. All students agree to a statement of authorship when submitting assessments online via Moodle, stating that the work submitted is their own original work.

The following are examples of academic misconduct and can attract severe penalties:

- Handing in work created by someone else (without acknowledgement), whether copied from another student, written by someone else, or from any published or electronic source, is fraud, and falls under the general Plagiarism guidelines.
- Copying / cheating in tests and exams is academic misconduct. Such incidents will be treated just as seriously as other forms of plagiarism.
- Students who willingly allow another student to copy their work in any assessment may be considered to assisting in copying/cheating, and similar penalties may be applied.

Where a subject coordinator considers that a student might have engaged in academic misconduct, KOI may require the student to undertake an additional oral exam as a part of the assessment for the subject, as a way of testing the student's understanding of their work.

Further information can be found on the KOI website.

d) Reasonable Adjustment

The Commonwealth Disability Discrimination Act (1992) makes it unlawful to treat people with a disability less fairly than people without a disability. In the context of this subject, the principle of Reasonable Adjustment is applied to ensure that participants with a disability have equitable access to all aspects of the learning for the subject. For assessment, this means that barriers to their demonstrating competence are removed wherever it is reasonably practical to do so.

Examples of reasonable adjustment in assessment may include:

- provision of an oral assessment, rather than a written assessment
- provision of extra time
- use of adaptive technology.

The focus of the adjusted assessment should be on enabling the student to demonstrate achievement of the learning outcomes for the subject, rather than on the method of assessment.

e) Appeals Process

Full details of the KOI *Assessment and Assessment Appeals Policy* may be obtained in hard copy from the Library, and on the KOI website www.koi.edu.au under *Policies and Forms*.

Assessments and Mid-Trimester Exams:

Where students are not satisfied with the results of an assessment, including mid-trimester exams, they have the right to appeal. The process is as follows:

- Discuss the assessment with their tutor or lecturer – students should identify where they feel more marks should have been awarded – students should provide valid reasons based on the marking guide provided for the assessment. Reasons such as “*I worked really hard*” are not considered valid.
- If still not satisfied, students should complete an Application for Review of Assessment Marks form, clearly explaining the reasons for seeking a review. This form is available from the KOI website under *Policies and Forms* and is also available at KOI Reception (Level 9, 11 York Street)). The completed

Application for Review of Assessment Marks form should be submitted as explained on the form with supporting evidence attached to academic@koi.edu.au .

- The form must be submitted within *ten (10) working days* of the return of the marked assessment, or within *five (5) working days* after the return of the assessment if the assessment is returned after the end of the trimester.

Review of Grade – whole of subject and final exams:

Where students are not satisfied with the results of the whole subject or with their final exam results, they have the right to request a Review of Grade – see the *Assessment and Assessment Appeals Policy* for more information.

An *Application for Review of Grade/Assessment Form* (available from the KOI Website under *Policies and Forms* and from KOI Reception at (Level 9, 11 York Street)) should be completed clearly explaining the grounds for the application. The completed application should be submitted as explained on the form, with supporting evidence attached to academic@koi.edu.au .
